

## INTEGRATED MANAGEMENT POLICY

- Seeking the satisfaction of our customers, through the supply of products that fully meet the quality and food safety requirements, in accordance with current legislation and respecting the specifications defined in mutual agreement with our customers;
- Promoting the continuous development of employees' skills, in order to contribute to the maintenance of a stable and motivated team;
- Preserving the environment, by preventing pollution, respecting environmental legislation and raising the awareness of our employees;
- Providing a safe and healthy work environment, based on the identification of safety and health risk factors associated with the activities of our employees and the establishment of actions to control, monitor and prevent occupational accidents;
- Committing to the principles of social responsibility, by complying with the legislation, providing a better quality of life for our employees and for the community;
- Continuously improve business management practices, in addition to quality management and food safety systems.
